

**Character Name: Ms. Judge**

### **Character Description / Backstory:**

Ms. Judge is a brilliant privacy expert who uses her sharp mind and analytical precision to uncover inappropriate data flows and privacy violations. With a deep understanding of contextual integrity, she immediately recognizes when information flows do not meet the standards and expectations of a given context. Outwardly calm and confident, she is a master of detail behind the scenes, protecting privacy and using her strategic skills to ensure that ethical standards and social values are upheld.
